#### **Members Guest – Green Fee Rate Reduction**

Effective June 1<sup>st</sup> we are introducing a winter rate of \$25 for 18 holes and \$15 for 9 holes for members guests green fees. Please be proactive and take advantage of these rates by getting friends, family or colleagues to experience our great course and facilities at Harewood, especially in this wet weather and how much this has affected many other courses around town.

#### **Club Captain update – from VCC Doug Claridge**

Wet, wet and more rain for winter, however the forecast is for better, drier weather this weekend. I expect conditions will be still soggy underfoot, however not as wet as many other courses in our City. Our course and greens are handling the wet winter start; however, the fringes are not a good place to aim! The ground is soft, and I was digging holes to plant in, with my divots Saturday, so sand buckets are compulsory as is repairing your pitch marks. Saturday sees the Ladies begin qualifying for their Sponsors Cup, for the Men who have qualified the first round of the BCHP match play, and other Saturday players stableford. The first day of the winter 2 tee start worked well if you're off first don't be too hasty as the last of the tees booked on 1/10 is 12.00pm and all you must do is wait. Please remember to be on time for your tee off.

**Course Care – members should lead by example**

The Board have implemented a compulsory sand bucket rule in an effort to protect our maintain the condition of our fairways. It should go without saying that pitch marks should also be repaired. Please make the pro shop aware if there is a shortage of sand buckets either on 10 or 1.

**Emergency Contact Details for Pro Shop and Office**

Several recent medical events on the course have highlighted the need for players to have the contact numbers for the pro shop and/or office at hand or in their phones. The pro shop number is printed in the middle of each scorecard but it is probably best to have both numbers in case of an incident requiring an immediate response. The Pro Shop is 359 8853 and office is 359 8843 option 4.
